Hello Cairo,

I'm writing to you regarding the homeless encampment located on Berendo and 6th st, this is across from a building I manage at [539 S. Berendo St, Los Angeles, 90020](#).

It has been there for quite some time, but recently, it has exploded. It used to be a few tents in front of the church, now it goes halfway down the block and across the street. Photos attached, if you zoom in on the second photo you can see how the tents go halfway down the block, to the red tent behind the car.

Tenants in the building that I manage have been reporting needles on the street and altercations at 4 in the morning. They block the sidewalks. And it is affecting the ability to rent the vacant apartment in the building I manage.

Currently there is a ticket out on this encampment, it is #1-1605252401.

Is there a way that this encampment can be moved or relocated and to make sure that it doesn't come back? I am sympathetic to the challenges of the homeless, but there must be something that can be done. It is detrimental to business in the area.

Best, Deirdre Butchko
